

Statewide Mobilization to Fight Jail Expansion

Wednesday, December 4 2013

Board of State and Community Corrections
Gather at 9AM
660 Bercut Dr. Sacramento, CA

**Join community members from across California as we
come together to stop the funding stream for new jails.**

In California 36 out of 58 counties have plans to build new jails. While some of them claim to be reformers, we know we won't be able to pass sentencing reform or bring our loved ones home unless we stop building cages and put resources into life-affirming programs and services which get people out of jail and back to their families and communities.

Sheriffs throughout the state are making plans to build cages for our children, & we need to stop them. Come to Sacramento on Dec. 4th and help us show that communities across the state are united:

NO NEW JAILS!
